

IGNITE-2023

Project Competition

Eligibility Criteria:

The contest is open for **B.E/B. Tech** and **Diploma** level students.

Introduction:

Project Competition is an event where students will get an opportunity to show their engineering skills. The project need not be a giant model but it can be anything which should be working, no matter whether big or small.

Task:

Mini modeling will not be constrained to a specific stream. Thus, student can select their own topic based on their respective branches or can be anything.

Rules & Regulations

- All candidates who are interested to participate in the event should fill the online registration form.
- The details regarding the project (project introductory report, Algorithms, Charts) submitted to mauliignite.project@gmail.com
- The chart should contain just a simple description about their project. The candidates can take help of following guidelines to describe their project in the chart.

General Guidelines:

Your project document consists of:

1. Circuit diagram/ Image of model, which can be hand drawn or a printed one.
2. Introduction
3. Block diagram

4. Working principle
5. Its benefits and limitations
6. Applications
7. Future scope
8. Jury decision will be final decision.
